Drawing, dancing ,cooking, reading

## PROJECT DETAILS

I I had completed my project entitled “**LIFE CARE**” in C#.NET & ANDROID.

It is related with Blood donation and ambulance service .It is an android application which is developed using android and .net. An efficient blood bank management system should be developed with the aim of ensuring that every patient has access to an adequate quantity of blood in a centralized manner. This should encourage new donors and retain old donors to donate blood. Our system includes hospitals and ambulance service apart from admin and users.
